December 2011

Dear Parents,

A Positive Approach to Teen Health (PATH) has offered various programs to schools and other youth serving organizations in Northwest Indiana for more than eighteen years. PATH is excited to offer our Liv.True Assembly program to the students of Donald E. Gavit Middle and High School in January.

Liv.True is a 45 minute program that equips, empowers and encourages students to make healthy choices. Topics of this 45-minute multi-media presentation include discussion around high-risk behaviors including; drugs, alcohol, sex (STD/HIV & pregnancy), bullying and the importance of self-worth and value. Students will be encouraged to respect themselves and those around them.

These relevant topics are discussed in an age appropriate and medically accurate format that will engage students and encourage them to evaluate and consider life choices. Liv.True presenters are trained youth service providers with a desire to make a positive impact in the lives of youth.

To learn more about A Positive Approach to Teen Health visit our website or feel free to call the office.
